THE ARC CELEBRATES *THE VALUE OF ONE* AT ANNUAL BANQUET

RIVERSIDE, CA – On Friday, June 10, at the Riverside Marriott in Downtown, The Arc of Riverside County hosted its 44th Annual Awards & Installation Banquet celebrating *The Value of One*.

The Value of One is a campaign, started in 2008 by The Arc, promoting the inherent value of each individual. *The Value of One* reminds us that each individual is important and that everyone matters.

This Banquet gives The Arc the opportunity to recognize and honor the clients, employees and community members who demonstrate through their beliefs and actions that individuals with disabilities have inherent value, belong in the community beside their peers and deserve our respect.

With over 200 in attendance, The Arc honored Senator Bill Emmerson from the 34th District and Assemblyman Kevin Jeffries from the 66th District and presented each with *The Value of One Legislative Excellence Award* for their concern and actions on behalf of individuals with disabilities and their families.

The Arc also welcomed special guests Riverside City Council Members Mike Gardner and Nancy Hart and RUSD Board Member Gayle Cloud.

The event was supported by donations from Marriott Riverside, Riverside Public Utilities and Riverside Resource Center.
