SUPPORTED EMPLOYMENT SERVICES

A division of
The Arc of Riverside County

Individual Placements or Small Groups

Supported Employment places employees in individual jobs or in small groups. Group placements may include a permanent Job Coach. Companies can also contract directly with The Arc of Riverside County and we will handle payroll and benefits.

Supported Employment Places People...

...with disabilities in mainstream jobs. We match applicants' abilities with job requirements and then train the employee on the job. The Job Coach provides training until the employee can do the work to the employer's standards. The Job Coach checks back and continues to provide support to make sure that the employer and the employee are satisfied.

With the supervision of The Arc of Riverside County, we can provide you with loyal and willing workers to meet your changing needs. People with disabilities have many work skills and abilities, and are taking their rightful place among the workforce of our community.
